The Cinemas of the Centre Pompidou in Paris have used, during their retrospective of Singaporean and Malaysian cinema, *Singapour, Malaisie : le cinéma* ! from December 16th to March 1st, the following servers from ACDN (Alternative Content of Distribution Network) :

- ACDN Media SERVER Generation 3 (S/N 01223) Amount Harmonized Code : 84714110
- ACDN Media SERVER Generation 3 (S/N 01224) Amount Harmonized Code : 84714110

We have greatly appreciated the quality of the servers which we used for two and a half months. Our projectionists have lauded their simplicity and efficiency as well as the quality of the image of the projected film. We strongly recommend them.

Best regards,

Sylvie Pras
Head of Cinema
